

WHAT IS CLAIMED IS:

1. A kind of hand-hold multi-functional cold cathode lamp, which comprising:

lamp body, which has inner chamber with focus lamp unit chamber
5 disposed at its upper end, the cold cathode lamp unit chamber at the front end of the lamp body and the flash lamp unit chamber at the back end of the lamp body, the electric source circuit accommodated in the inner chamber of the lamp body and siren being pulled by the rope held by hand.

10

2.The hand-hold multi-functional cold cathode lamp according to the claim 1, wherein in the inner chamber there are at least three lamps, an arc reflecting unit, a plane reflecting unit, at least one switch , at least one socket with the outside power source, a pull switch hook pulled by
15 the rope held by hand.

20

3. The hand-hold multi-functional cold cathode lamp according to the claim 1, wherein the said at least three light sources could be used continuously more than 100,000 hours.

4. The hand-hold multi-functional cold cathode lamp according to the claim 1, wherein the said lamp body is fixed by the ring made of rubber

or other elastic material at the upper and lower ends, the said rubber ring is easy for user to hold and having the shock resistance function.

5. The hand-hold multi-functional cold cathode lamp according to the
5 claim 1, wherein the fine and long-life cold cathode fluorescent lamp is adopted as the light source and which does not need to replace.

6. The hand-hold multi-functional cold cathode lamp according to the
claim 5, wherein the said light source lamp is sealed by the transparent
10 or semi-transparent material and emits the light which could not generate the heat, thus it is in high safety and even suited for little children.

7. The hand-hold multi-functional cold cathode lamp according to the
15 claim 1, wherein it has a siren, which could send out the signal of asking for help when the user pull the button of the pull switch connected with the rope held by hand away from the lamp body.
